

We are looking for

Senior Frontend Developer

Travelworld is an international travel portal based in Vienna. The company is currently working on a relaunch of its platform and services. In the upcoming version of the web application, worldwide accommodations in the high-class segment should be bookable online. But that's not all: together with a strong partner in the background, a customer can also book additional services such as luxury sports cars, sailboats, VIP-boxes in football stadiums and much more. Following the motto: "Better than best price!", we want to become an important player in the travel portal market. Therefore, we are looking for strengthening our small but growing developer team. Travelworld is part of a large global enterprise, providing secure jobs and excellent career prospects.

Main Activities

- Develop new user-facing features of web applications
- Build reusable components and front-end libraries for future use
- Translate designs from zeplin and wireframes into high quality code
- Optimize components for maximum performance across a vast array of web-capable devices and browser
- Be a part of the day to day activities of a team of Product Developers
- Contribute to a technical product roadmap
- Learn new technologies, such as ReasonReact
- Evaluate and implement new technologies into the current development process
- Assist in the creation and maintenance of technical standards
- Take active participation in technical training and mentoring for junior team members and cross functional teams

Skill Requirements

- Bachelor's or Master's degree in engineering, information technology, data communications, telecommunications, computer science, or equivalent educational or professional experience and/or qualifications
- Strong analytical and conceptual skills, with a curious mind for troubleshooting and building software
- Focused on graphical details and precise in depicting frontend features, having an eye for user experience
- Ability to understand business requirements and translate them into technical requirements
- A solid understanding of software development life cycle (SDLC) and programming fundamentals
- Strong interest in new technologies and willingness to learn and curiosity
- Hands-on mentality & Can-Do-Attitude with a knack for benchmarking and optimization
- Excellent oral and written communication skills and an ability to work with technical and non-technical staff
- Fluency in English, both written and verbal

Key Facts

- Salary starting from 4.000 EUR / month
- Overpayment is possible after examining the actual qualification and work experience
- Nice office in Vienna (right near a subway)
- Benefits for employees as part of the white-label cooperation of the Corporate Group (eg free tickets for top-class sporting events)

Technical Requirements

- 5+ years' experience professionally developing software
- Thorough understanding of React.js and its core principles (2+ years)
- Experience in Node.js
- Deep understanding of web technologies like HTML5, CSS, Javascript (2+ years)
- Understanding of responsive/mobile web design
- OOP knowledge and web technologies (REST, GraphQL, Git, etc.)
- Experience with relational databases
- **Functional Development skills and open to learn ReasonReact**

Benefits

- Work together with global teams on software development projects in the travel domain
- Work with modern technology stack (REACT, ReasonReact, node.js, Java Kotlin, etc.)
- Any skill you don't have yet, we develop together in professional internal and external trainings
- Join us on dev conferences
- Involvement in whole development cycle, from first idea, over development to deployment and production care
- Independent working environment from Design to Go Live
- Opportunity to travel abroad
- Flexible working hours
- Part of a young, international, diverse, talented and motivated team
- Did somebody say free food? – Yes, you got it right, we provide fresh fruits and snacks for free
- Enjoy the start-up atmosphere, but feel the security with a global partner in the background

Apply Now

We are burning to break new ground, break traditional thinking patterns and implement creative solutions. We are looking for people who want to shape our company and make a difference, and for whom a responsible, respectful togetherness is a matter of course. If you can identify with that, you're well on the way to starting a long-term career with a successful, internationally expanding company. Send your application and CV to: jobs@travel-world.com
